

Reporting & Costing

Natwaste Ltd will soon be the first waste management company to offer our customers interactive access to various types of reports. our reports will assist your company with everything from monitoring of your waste types, through to showing total disposal costing.

Types of reports that are available interactive are:

- Site Movement Reports
- Invoices
- Delivery Tickets
- Costing by Site
- SWMP Reports

All reports are currently available by contacting our office on 01543 466115, where we are able to offer your reports in various formats for our customers

Natwaste Ltd are pleased to announce we are also able to offer our customer bespoke reporting design, please give us a call to discuss your requirements.
